The DukeHub allows all members of the Duke community access to our student information system from a single location. For Students, Faculty, Advisors and Staff, your access has been transformed to allow for a cleaner, more modern look and feel. We hope that you enjoy the experience.

**Production and Testing Environments**

Our Production and Testing environments are accessed through different login pages.

- https://dukehub.duke.edu
- https://tst.dukehub.duke.edu

**Public Access Links**

These links take you to publically accessible sites, and do not require a NetID login.

**Duke Announcements**

Please watch this section for announcements and updated messages from the SISS Office.

**SignOn Links**

Access PeopleSoft Campus Solutions by clicking the button describing your relationship to the University. For example, if you are a student, click the *Student Home* button. If you have multiple relationships with the University, click the button appropriate to what you need to do. Once in the system, you will be able to change to another role if you need to do so.

**Where is the Reporting Database?**

Continue to log into the REPORT database using the same link which you currently use ([Reporting Database](#)). We are working to make this database accessible from within the DukeHub.
