

How to stop Excel files from loading into your web browser

1. Open **My Computer**
2. Select **Tools** ⇒ choose **Folder Options**
3. Select the **File Types** tab and search the file type listed as **XLS**
4. Highlight the **XLS** file type

5. Select the **Advanced** button
6. **Uncheck** the Browse in same window option

7. Select **OK**
8. Select **Apply** if available and select **Close**
