## Logging in

Login is via the same URL you used to login to DukeHub: <https://dukehub.duke.edu/>. This will take you to the DukeHub Springboard. Click on the **Student, Faculty, and Advisor Login** tile. This will prompt you to authenticate with your netid and password.

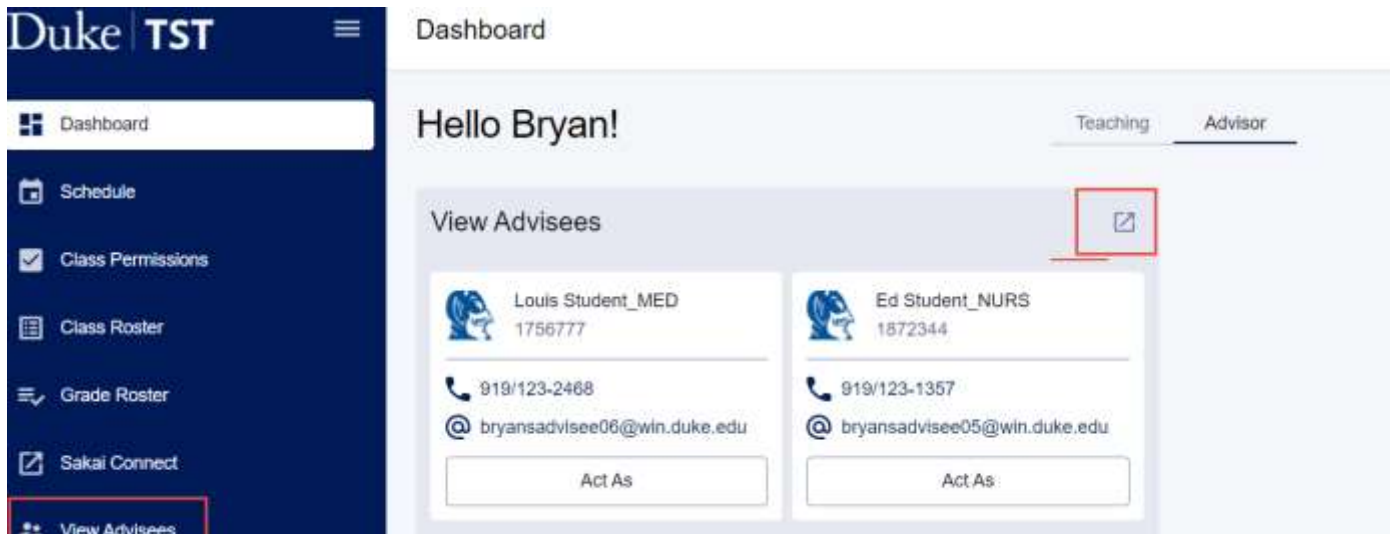

## Advisor Dashboard

You will arrive at your Dashboard. The left side Menu Bar initially might be minimized. If so, select the 'Triple Bars' (or 'Triple Lines') icon to expand (or collapse) the menu bar:

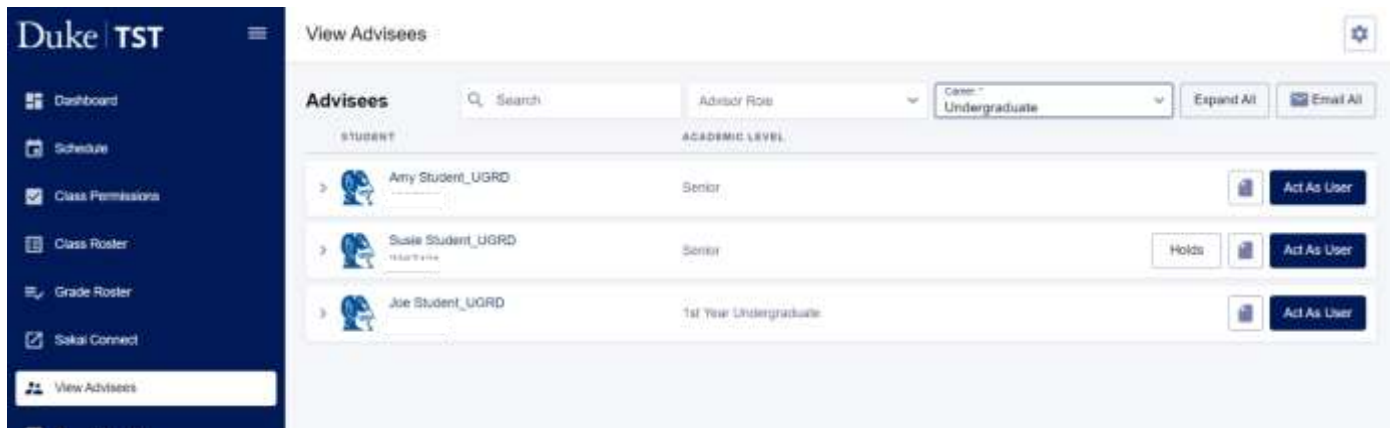

## DukeHub - Advisor Dashboard

The Advisor Dashboard will display your first two advisees. . If you click on the “Go to” option in the top right corner of a widget, it will open the full menu item in your left hand navigation.

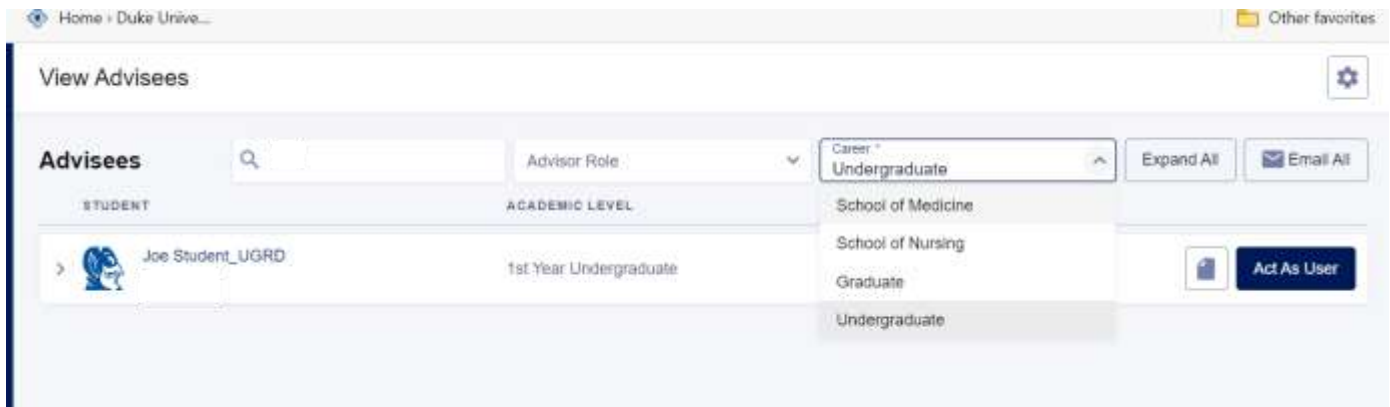

## View Advisees

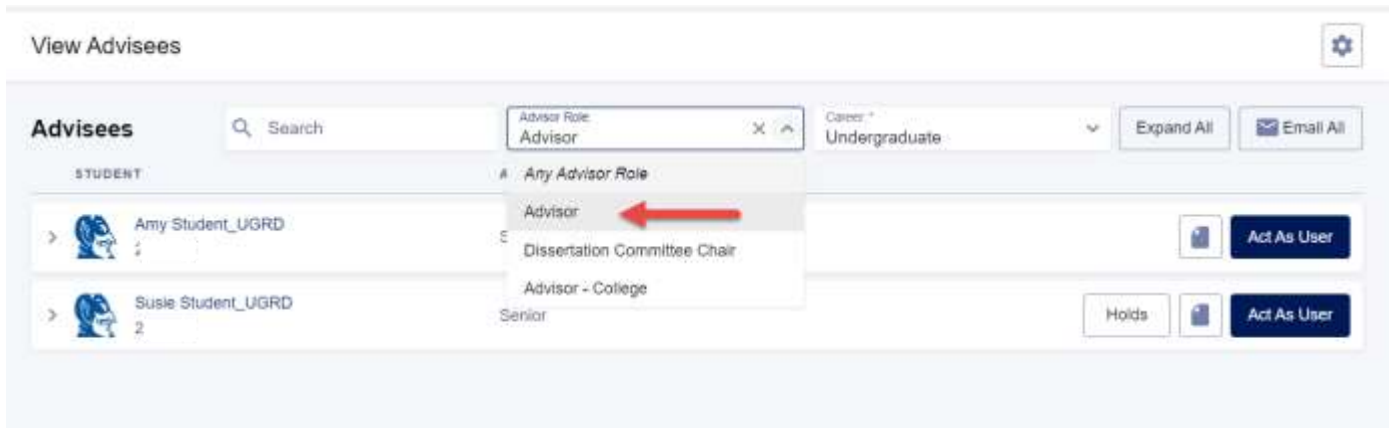

## Advisor List Search Functions

Many advisors advise students in more than one career. They can use the “Career” drop down to select the career of their student(s).

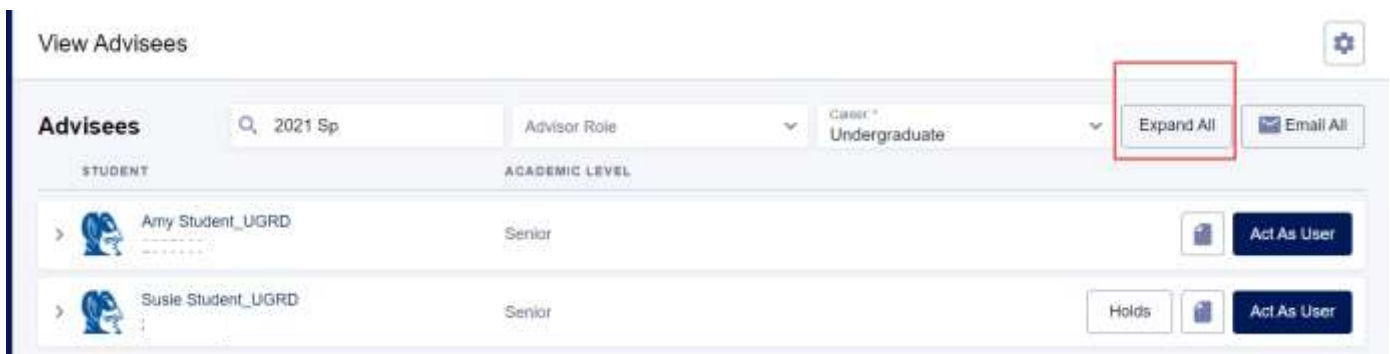

## DukeHub - Advisor Dashboard

Many advisors have different advisor roles. They can use the Advisor Role search to find students depending on their role.

Advisors can use the Search feature to search by name, grad term, major, etc.

Once your search is completed. You can Expand All to verify. In this example, two students were returned. Click on Expand All and it will expand the information on these two students.

# DukeHub - Advisor Dashboard

The screenshot shows the DukeHub Advisor Dashboard. At the top, there is a search bar with "2021 Sp" entered. To the right of the search bar are dropdown menus for "Advisor Role" and "Career" (set to "Undergraduate"). Further right are buttons for "Collapse All" and "Email All". Below the search bar, the dashboard is divided into two sections: "STUDENT" and "ACADEMIC LEVEL". The "STUDENT" section shows a list of students. The first student is "Amy Student\_UGRD", a Senior. To the right of her name is a blue "Act As User" button. Below her name is a "DETAILS" section with the phone number "919/765-1234". The "ACADEMIC PLANS" section for Amy Student\_UGRD shows three programs: Major: Psychology (AB), Secondary: Evolutionary Anthropology(AB2), and Minor: Economics (MIN). All programs are from Trinity College. The requirement term for all is "2017 Fall Term" and the expected graduation term is "2021 Spring Term". The "2021 Spring Term" text is highlighted with a red box. Below Amy Student\_UGRD is another student, "Susie Student\_UGRD", also a Senior, with a "Holds" button and an "Act As User" button.

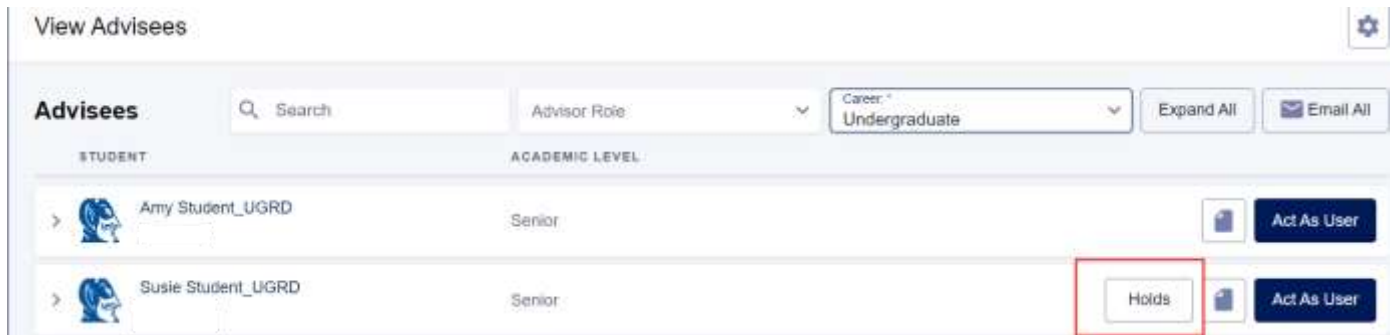

This is a close-up screenshot of the "Email All" button in the DukeHub Advisor Dashboard. The button is a blue square with a white envelope icon and the text "Email All". It is highlighted with a red rectangular box. The surrounding interface elements, including the search bar and dropdown menus, are partially visible in the background.

Click on Email All and you can email just these two students found in your search.

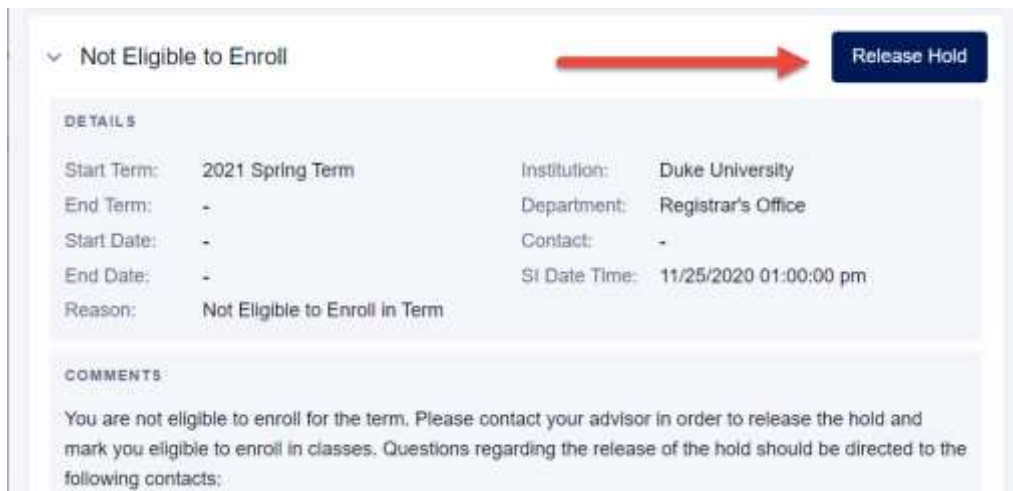

The screenshot shows an email client interface. At the top, there is a menu bar with "Format", "Insert", "Draw", "Options", "Discard", and "Send". Below the menu bar is a toolbar with icons for bold (B), italic (I), underline (U), and a list icon. The email content area shows the following fields: "From: kathleen.carley@duke.edu", "To: bryaninstructor\_advisor@win.duke.edu", "Cc:", and "Bcc: bryansadvisee02@win.duke.edu; bryansadvisee03@win.duke.edu". Below the Bcc field is the text "<From the desk of Bryan Instructor\_Advisor>". At the bottom left, it says "Sent from Mail for Windows 10".

## Releasing Not Eligible to Enroll Holds

Students who must meet with their advisor before being eligible to enroll in classes will have a “Not Eligible to Enroll” hold added to their record each registration cycle. The hold appears on the list of advisees. **Only this one hold can be released here on the Advisor list.** If a student has a Bursar hold or another registration hold, they will not appear here and cannot be released here.

Click on the Holds button, then click Release Hold.

Once the hold has been released, the Hold button disappears from the list.

## Advisor Comments

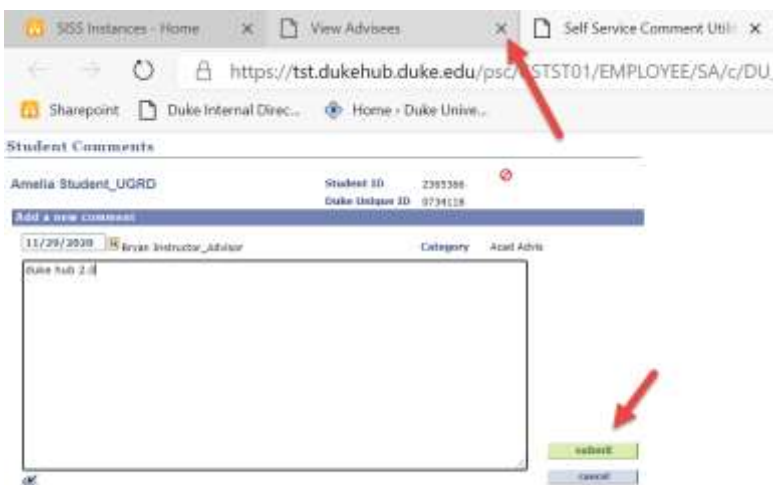

Click on the Comments Icon. This will open a new window where you can add comments or review existing comments.

Click on the plus sign to add a new comment.

Add the comment, click on submit, then close the window.

## Act as User

Act as User allows Advisors to simulate what a student sees when they go into DukeHub 2.0.

- **Act as User:** This button will allow you to see more detailed information about a student.

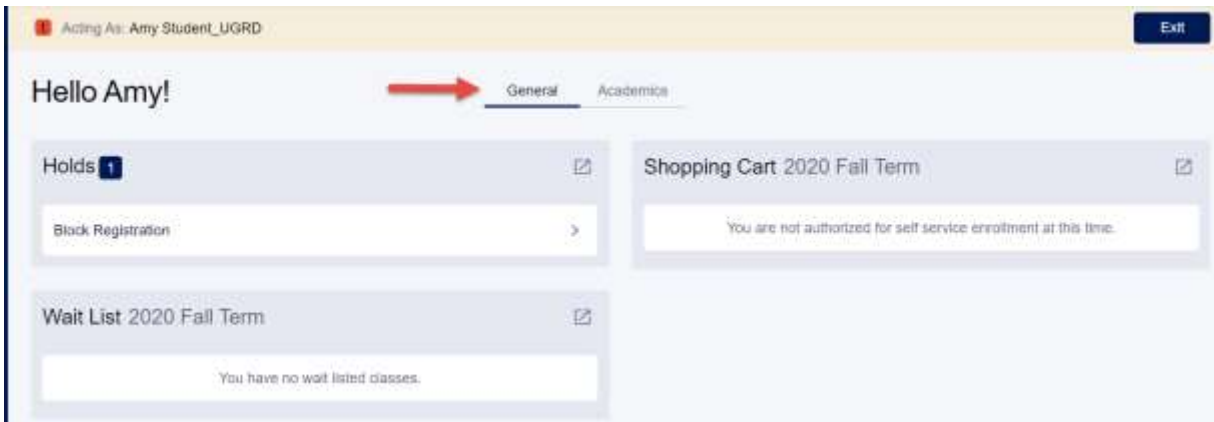

## Student Dashboard

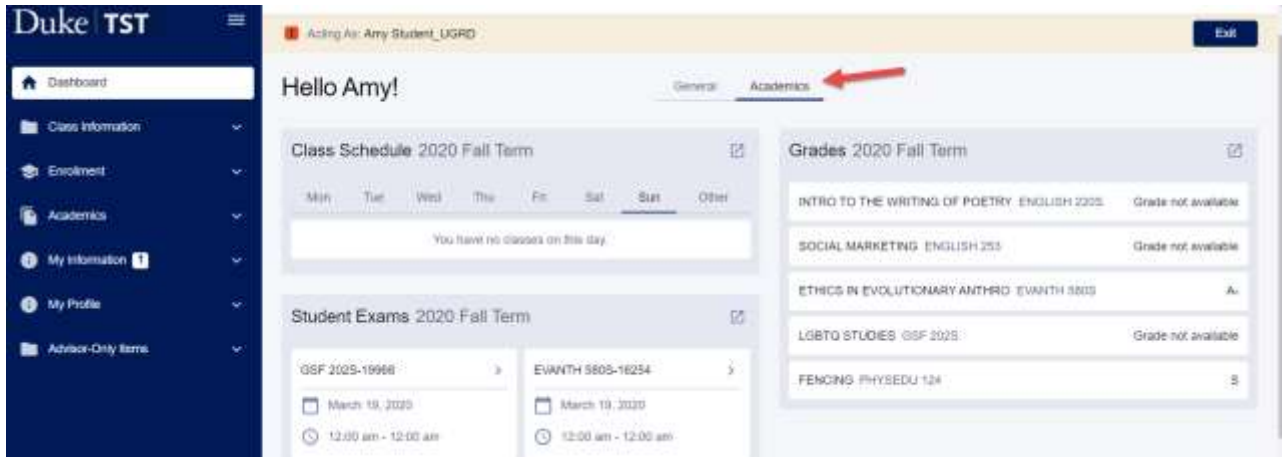

You will see the **Student's Dashboard** at the top of the screen and a student's left-hand menu items on the left. The Dashboard is basically an abridged, high level graphical view of the information that is available in the left-hand menu items. When you click to expand a Dashboard item, it will also open up the left-hand menu items.

A student has two views a **General View** and an **Academics View**. Each View contains several "widgets". **NOTE:** Students are able to remove some widgets from their dashboard, but STUDENTS CANNOT REMOVE HOLDS from their dashboard.

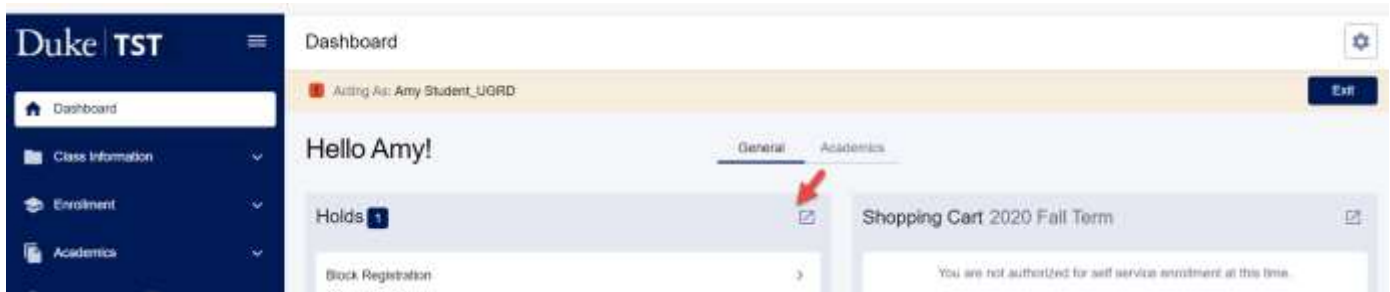

Click on the Exit Button when you no longer want to Act as User.

## DukeHub - Advisor Dashboard

When you click on any of the items on the dashboard, it will bring you to the left hand navigation.

### Student's Class Information/Schedule

This is where you see a graphical view of a student's schedule for the current term. You can review detailed information about the classes, including an instructor's email, course evaluation history (if available), Textbook information. This is the same information that a student sees about their classes.

# DukeHub - Advisor Dashboard

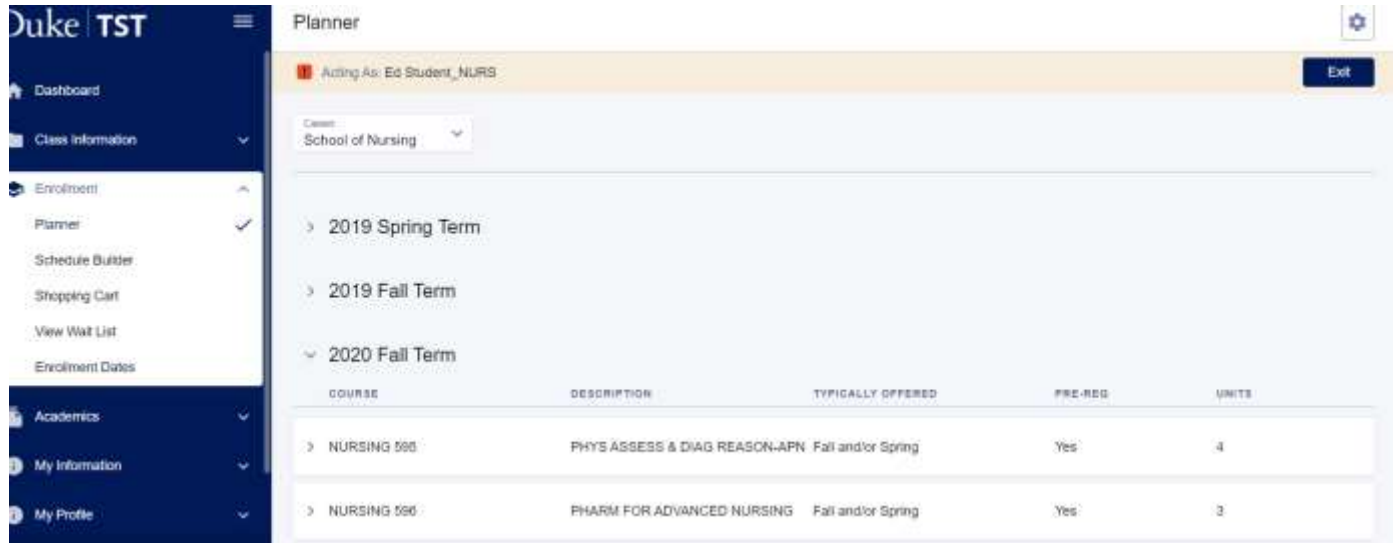

The screenshot displays the DukeHub Advisor Dashboard. On the left is a dark blue navigation sidebar with the following menu items: Dashboard, Class Information (selected), Schedule (checked), Enrollment, Academics, My Information, My Profile, and Advisor-Only Items. The main content area is titled 'Schedule' and shows the week of 'Mar 08 - Mar 14'. At the top right of the main area are buttons for 'Download Schedule', a list icon, a calendar icon, and a settings icon. Below the header, there are tabs for 'Class Schedule' (selected), 'Class Exams', and 'Wait List Classes'. The schedule grid shows the following class assignments:

## Long Range Plan (Nursing and Undergraduates Only)

The screenshot shows the 'Long Range Plan (Adv)' page for a user acting as 'Ed Student\_NURS'. The page includes a navigation sidebar on the left with 'Long Range Plan' checked. The main content area provides instructions for planning for study at the Duke University School of Nursing.

**Planning for study at the Duke University School of Nursing**

The process below has been developed to help you realize the greatest benefit in your pursuit of a degree at the Duke University School of Nursing. By thoughtfully completing the steps outlined, you should be able to do the following:

- Have a clear idea of the requirements you must meet in order to graduate.
- Have an understanding of the scheduling and sequencing of courses for your degree.
- Provide a formal mechanism for you and your academic advisor to review and agree upon your Individualized Plan (MAT Plan).

The Academic Interest Inventory is the first task to complete. Once it is saved and you have submitted your inventory, your next tasks are:

- Review academic requirements for your degree.
- Develop your MAT Plan by adding courses to your planner and assigning them to the correct term.
- Create a What-if Report/MAT Plan.
- When you are satisfied with your MAT Plan, submit it to your advisor for review.
- Discuss your MAT Plan with your advisor who will review/approve or recommend changes. Once the MAT Plan is approved, your advisor will clear you for registration.

**Important:** You are responsible for making sure that you understand all graduation requirements. Your academic advisor will work with you to develop and approve your MAT Plan and any needed revisions. However, you are ultimately accountable for ensuring that you meet all requirements for graduation.

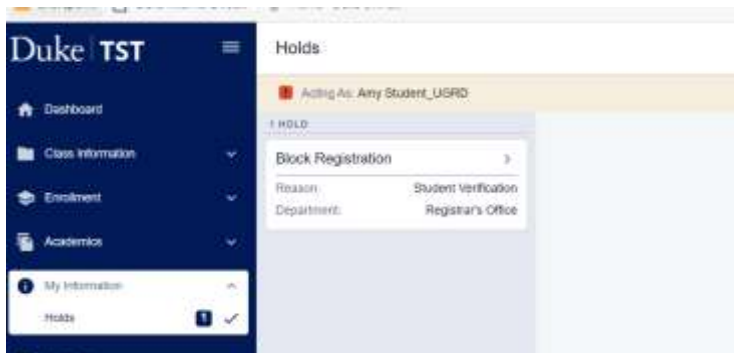

The tasks for completing your MAT Plan are listed below. Please complete each of these tasks. As you move through the various tasks, the status of each task will be updated electronically to reflect that the item is completed, or the date of the last update.

## First Year Questions (Undergraduates Only)

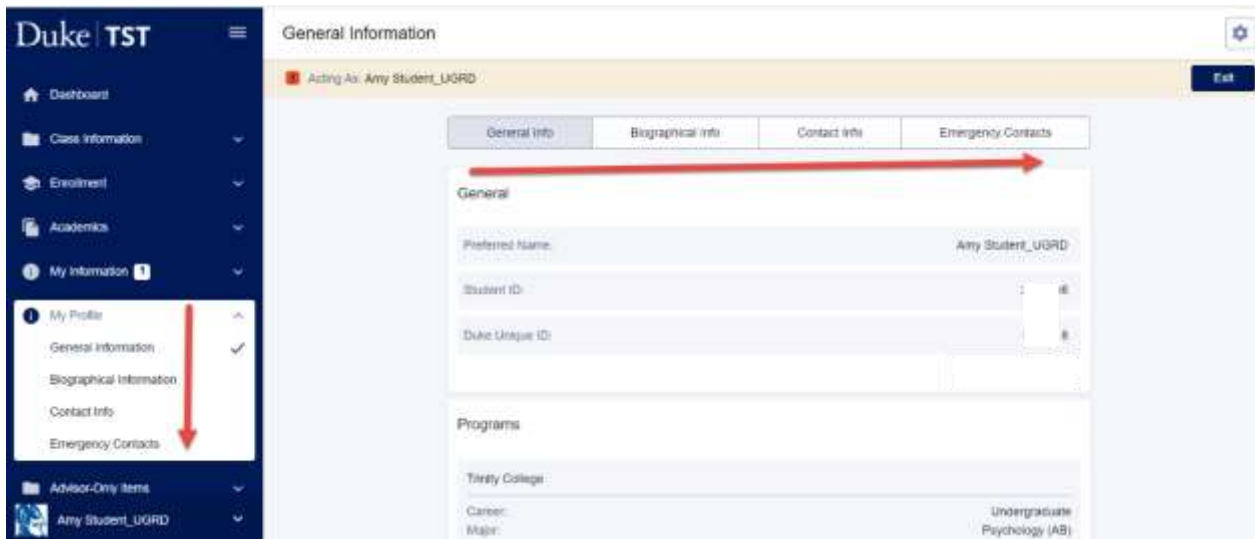

## My Information—Holds

## My Profile

Basic biographical and identifying information can be found under My Profile. Note that the left hand navigation under my profile is the same as the tabs on the top of each page. You can navigate either way.

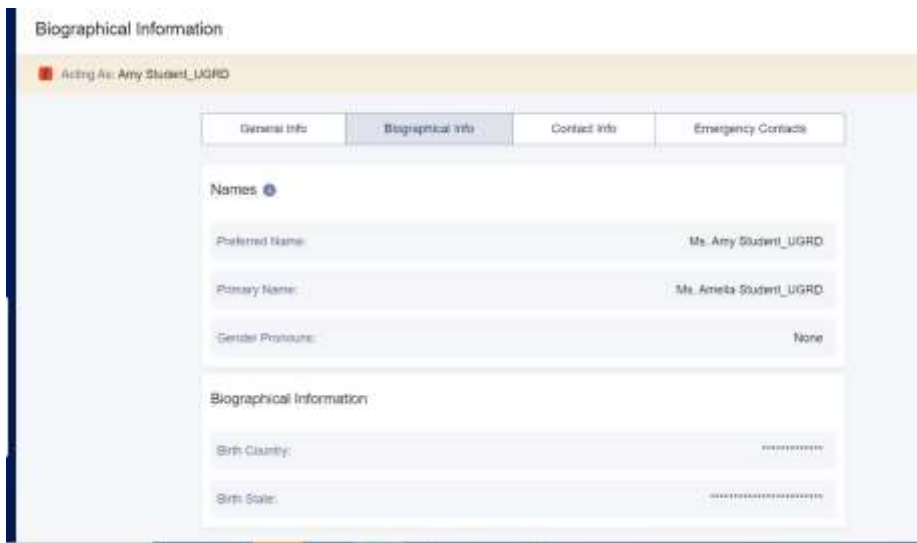

## General Info—Student IDs, Preferred Name

## Biographical Information – Primary Name, Gender Pronouns

The preferred name appears in the advisor list and in the student’s dashboard. This is where you can see the student’s primary name.

If a student self-identifies a Gender Pronoun, it will appear here. (This feature will go live in late December 2020).

## Contact Information – Student Addresses, emails, phones

The screenshot shows a web interface with four tabs: General Info, Biographical Info, Contact Info, and Emergency Contacts. The Contact Info tab is active. It contains three sections: Addresses, Phones, and Emails. Each section lists contact details for a student.

Section	Field	Value

## Advisor Only Information (Undergraduates Only)

Students do not see this information. This menu item displays student groups that a student is active in.

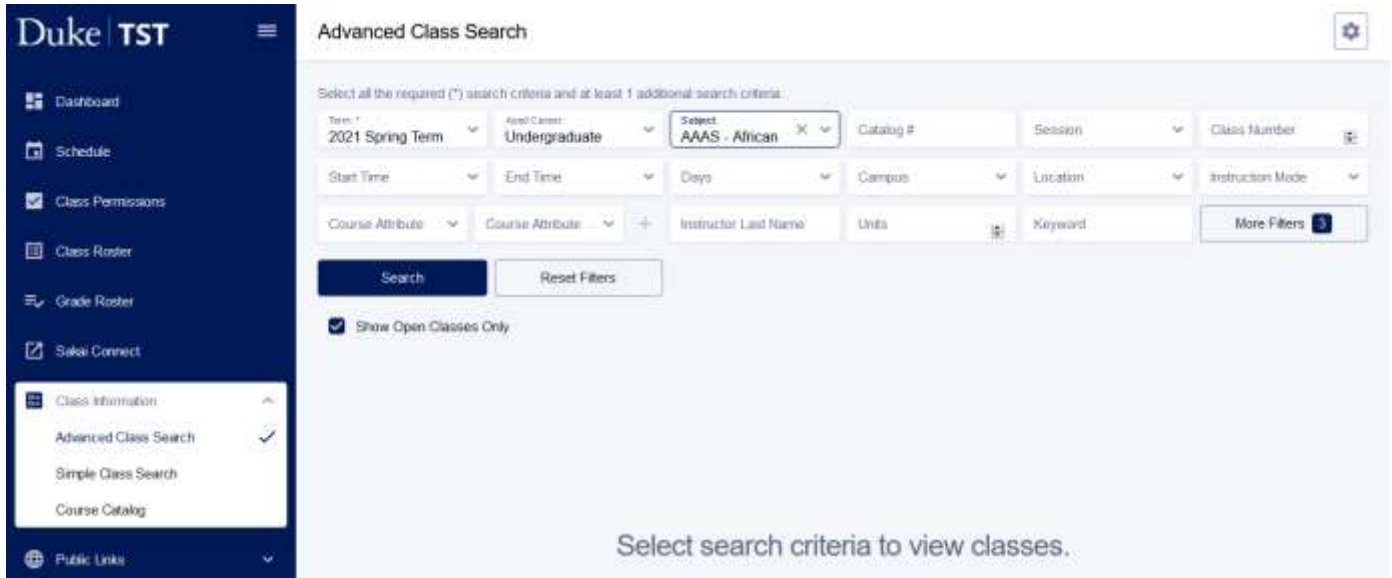

## Class Information - Class Searches

The class searches have been updated. Note, the class searches within Class Information are the exact same class searches students, staff, public users, etc. will be utilizing when searching for classes offered at Duke.

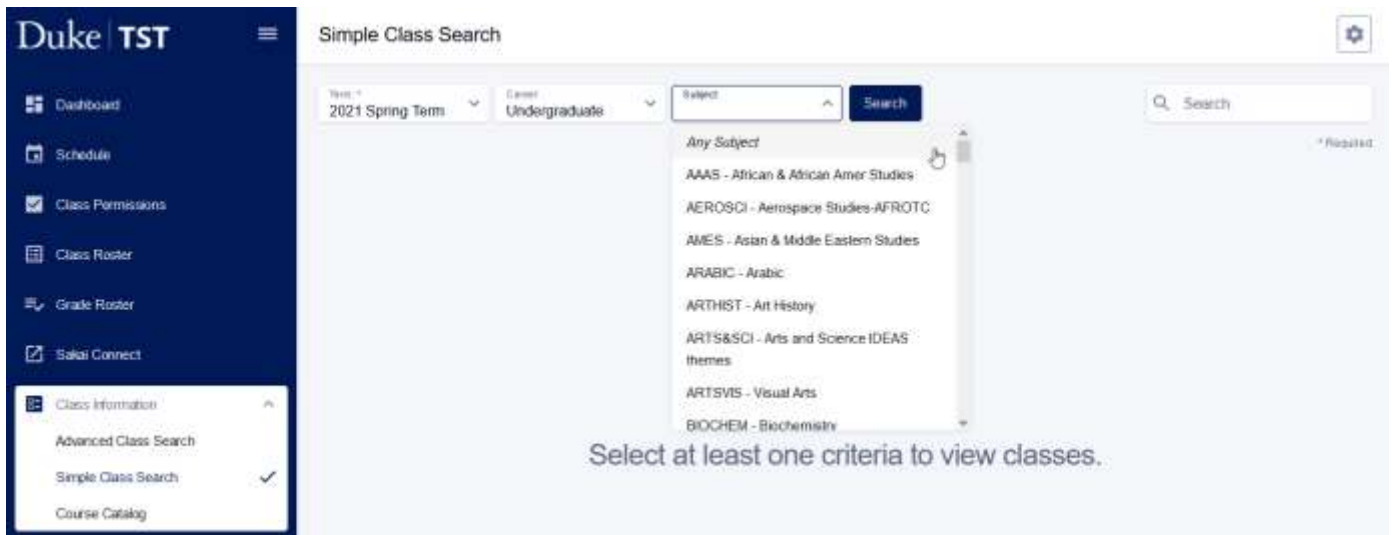

**Advanced Class Search:**

The Advanced Class Search allows you to search by varying criteria; course career, subject, catalog #, class number, start/end time, days of the week, course attributes (Modes of Inquiry, Areas of Knowledge), etc.

**Simple Class Search:**

The Simple Class Search works similarly to the previous alphabetical class search. Allowing you to select a subject from a drop down alphabetically.

Or you can enter a string of text in the Subject field (i.e. "biol") and find all the subjects with "biology" in the description. Note, this same type of Subject filtering can be done with the Advanced Class Search.
